NOTICE No 23

Atlink No.: ATLK-SN-023-V1

Issue Date: 11/06/20

FIPASS PEDESTRIAN WALKWAY

FIPASS Pedestrian Walkway North East Barge

Please be advised there have been a number of recent incidents where the designated pedestrian walkway has been obstructed. As you will appreciate the importance of segregating pedestrians and vehicles on FIPASS is one of paramount importance. Therefore it's essential to ensure this walkway is kept clear of any obstructions that might cause pedestrians to deviate from the walkway.

This walkway is one of the control measures that provides a safe means of access/egress for pedestrians, however if obstructed by a parked vehicles, cargo or CV Hut's this causes a residual risk to pedestrians.

Therefore all FIPASS Users are kindly requested to keep the pedestrian walkway free of obstructions.
